

Dear Colleague,

We are excited that you are interested in submitting a proposal to speak at NCSM's 53rd Annual Conference September 20-22, 2021, in Atlanta, GA. We are looking forward to the opportunity to *Aspire. Activate. Act. Amplify Bold Mathematics Leadership*. The 2021 NCSM Annual Conference focuses on answering the question, "What are the essential actions for all mathematics leaders?" If you **Aspire** to bold mathematics leadership, come to Atlanta, Georgia to share your knowledge and experience to **Activate** our collective understanding so that we may all **Act** together and **Amplify Bold Mathematics Leadership** that inspires high quality mathematics learning for each and every student.

We invite proposals that focus on the following conference strands:

1. Aspire to Bold Mathematics Leadership
2. Activate Leadership for Access and Equity
3. Activate Teachers as Leaders
4. Activate and Empower others through Mathematics Coaching
5. Amplify Mathematics Leadership

Read the guiding questions and explanations of the strands to help you determine where your proposal will best fit into the program. Please make sure that your title and descriptions clearly communicate an accurate picture of the session you will share because participants will only have those two things to help determine the sessions they will attend. Please review the information provided in the Speaker Guidelines carefully. Submitted proposals are peer reviewed and are evaluated using the proposal criteria.

We look forward to reading your proposal. Regardless of whether your proposal is accepted we hope you will join us in Atlanta to ASPIRE. ACTIVATE.ACT.

The deadline for submission of your proposal is November 1, 2020.

Sincerely,
